NOTE FROM THE NURSE

Getting enough sleep is essential for children's Mental and Physical Development. The National Sleep Foundation recommends children 6-13 yrs old get 9-11hrs of sleep/night. Sleep is the time for restoration as well as children's bodies to recharge and retain the information they have learned throughout the day. Also, the body's immune system is strengthened during sleep.

REMINDER:

OUR KIDS LOVE TO BE OUTSIDE!
 PLEASE SEND A COAT AND COLD GEAR WITH YOUR STUDENT(S).
